Re: Village of Sauget  
(1982 Sewerage Fund)

Dear Sirs:

The last section (Section 23) of the "1982 Treatment Agreement" requires the Village adopt and enforce a "sewer use ordinance". Since that was also a Step III grant requirement, I cannot, for the life of me, understand why it was repeated in the 1982 Treatment Agreement.

Unfortunately, Section 23 does not define "sewer use ordinance". U.S. EPA considers such an ordinance to be both a pretreatment plan for certain industrial users plus regulations governing the use of sewers, etc. by all users.

In any event, as each of you well knows, the Village has heretofore enacted and there is now in full force and effect, a pretreatment ordinance. You have or should have a copy.

On March 13, 1990, the Village Board enacted and the Mayor approved a sewer use ordinance. A copy is enclosed. IEPA approved the same on March 28, 1990.

Very truly yours.

*Harold G. Baker*  
HAROLD G. BAKER, JR. *HGB*  
Village Attorney

Enclosure

cc: George R. Schillinger w/o enc.

C03684

ORDINANCE NO. 596

AN ORDINANCE REGULATING THE DISPOSAL OF SEWAGE, INDUSTRIAL WASTES AND OTHER WASTEWATER INTO, AND THE USE OF, PUBLIC SEWERAGE SYSTEMS WITHIN THE REGION IN ST. CLAIR COUNTY, ILLINOIS SERVED BY THE "AMERICAN BOTTOMS REGIONAL WASTEWATER TREATMENT FACILITY" AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

---

BE IT ORDAINED by the President and Board of Trustees of the VILLAGE OF SAUGET, an Illinois municipal corporation and home rule unit of local government which is situated in St. Clair County, Illinois, as follows:

SECTION 1. Short Title.

The short title of this Ordinance is the "American Bottoms Regional Sewer Use Ordinance" and it may be cited as such.

SECTION 2. Purposes. The purposes of this Ordinance shall be as follows:

- a. To protect the public health and safety and the environment within the Region served by the American Bottoms Regional Wastewater Treatment Facility;
- b. To protect the Physical/Chemical Wastewater Treatment Facility of the VILLAGE OF SAUGET;
- c. To protect the American Bottoms Regional Wastewater Treatment Facility of the VILLAGE OF SAUGET: and

d. To protect the Public Sewerage System of the VILLAGE OF SAUGET.

e. To enable the VILLAGE OF SAUGET to comply with all applicable Federal and State laws as set forth in the Federal Water Pollution Control Act Amendments of 1972 (P.L. 92-500), all amendments thereto, the Federal Clean Water Act of 1977 (P.L. 95-217), all amendments thereto, the Federal Water Quality Act of 1987 and all amendments thereto; as well as the Federal General Pretreatment Regulations (40 CFR, Part 403).

f. To enable the VILLAGE OF SAUGET to comply with the provisions and requirements of the present and future National Discharge Elimination Permit System (NPDES) permits issued and to be issued to it.

### SECTION 3. Authority.

The VILLAGE OF SAUGET has the inherent and statutory authority to enact and enforce the provisions of this Ordinance within its own corporate limits. The VILLAGE OF SAUGET has the contractual and statutory authority to enact and enforce the provisions of this Ordinance within the corporate limits of other Units of Local Government (as hereinafter defined) within the Region served by the American Bottoms Regional Wastewater Treatment Facility.

Without limiting the generality of the foregoing, the statutory authority specifically includes: (i) The Illinois Municipal Code

of 1961, as amended, (Ill. Rev. Stat. 1986, Ch. 24, Sec. 1-1-1, et seq.), particularly Section 11-141-7 thereof; and (ii) the Illinois Environmental Protection Act of 1970, as amended (Ill. Rev. Stat. 1986, Ch. 111 1/2, Sec. 1001 et seq.), particularly Section 1046(c) thereof.

SECTION 4. Repeal of Other Ordinances of the VILLAGE OF SAUGET

Except for the provisions of paragraph (a)(3) of Section 17, which is and shall remain in full force and effect as to persons discharging wastewater directly to any sewer owned by the VILLAGE OF SAUGET, the regulations provided in Section 17 of Ordinance No. 380 of the VILLAGE OF SAUGET, adopted and approved on May 7, 1974, are hereby repealed and replaced by the provisions of this Ordinance, all effective from and after the effective date of this Ordinance.

Nothing herein shall be construed to have altered, changed, repealed or amended any provision in the Village of Sauget Pretreatment Ordinance, being Ordinance No. 567, adopted, enacted and approved on January 26, 1988 and effective from and after February 6, 1988, which is and remains in full force and effect. In the event of any conflict between this Regional Sewer Use Ordinance and said Pretreatment Ordinance, the provisions of said Pretreatment Ordinance shall prevail.

SECTION 5. Ordinances of Other Units of Local Government.

Nothing herein shall be deemed to have altered, changed or amended the provisions of any similar ordinance heretofore or hereafter adopted by any Unit of Local Government (other than the VILLAGE OF SAUGET) within the Region served by the American Bottoms Regional Wastewater Treatment Facility. Rather, the provisions hereof shall supplement, and be in addition to, the provisions of such other ordinance or ordinances. In case of any conflict, the provisions of this Ordinance shall control.

Without limiting the generality of the foregoing, specifically included are the following ordinances of other Units of Local Government: (i) Ordinances No. 3917 (2/13/64), 3959 (11/20/64), 4076 (9/14/66), 4202 (9/4/68), 4515 (8/8/73), 4591 (11/13/74), 4592 (11/13/74), 76-10040 (10/6/76), 76-10042 (10/13/76), and 84-10030 (10/3/84) of the CITY OF EAST ST. LOUIS; (ii) Ordinance No. 320 (4/7/64) of the VILLAGE OF CAHOKIA; and (iii) Ordinance No. 84-2 (8/84) of the COMMONFIELDS OF CAHOKIA PUBLIC WATER DISTRICT.

#### SECTION 6. Enforcement.

The VILLAGE OF SAUGET has the right to enforce the provisions of this Ordinance within its own corporate boundaries and also within the corporate boundaries of any other Unit of Local Government in the Region served by the American Bottoms Regional Wastewater Treatment Facility. It is the present intent of the VILLAGE OF SAUGET to allow each of the Units of Local Government to enforce its own sewer use ordinance within its own corporate boundaries

unless a violation of this Ordinance impacts on either the operational or financial status of the American Bottoms Regional Wastewater Treatment Facility.

SECTION 7. Effect on 1977 Regional Agreement.

Nothing in this Ordinance shall be construed to alter, change or amend, in any manner or way whatever, the duty and obligation, under the provisions of the 1977 Regional Agreement, as amended, of each Unit of Local Government to own, operate, repair and maintain and be responsible for its own Public Sewerage System or Systems.

By enacting and/or enforcing and/or not enforcing the provisions of this Ordinance within the corporate boundaries of any other Unit of Local Government within the Region served by the American Bottoms Regional Wastewater Facility, the VILLAGE OF SAUGET shall not:

(i) assume the duty or liability of owning, operating, repairing, maintaining or being otherwise responsible for the Public Sewerage System or Systems of such Unit of Local Government:  
or

(ii) liable in any respect, in law, equity or otherwise, to such Unit of Local Government or any of its citizens, residents, taxpayers or Public Sewerage Collection users.

SECTION 8. Definitions.

Except as provided in Section 9 hereof, certain words and phrases used herebefore and hereinafter shall have the same definitions as in Ordinance No. 536 of the VILLAGE OF SAUGET, adopted and approved on June 27, 1985, as the same has been heretofore amended or as the same is hereafter amended. Said Ordinance No. 536 and all prior and subsequent amendments thereto are, by this reference, incorporated herein and made a part hereof.

SECTION 9. Additional Definitions.

Notwithstanding any definition in Ordinance No. 536, as amended, of the VILLAGE OF SAUGET, the following words and phrases used in this Ordinance shall have the following definitions:

9.1. "Sanitary Sewer": A sewer line which is constructed solely and only to carry sewage and/or industrial wastewater and to which storm, surface or ground water are not intentionally admitted and which is owned and/or operated by a Unit of Local Government.

9.2. "Storm Water Sewer": A sewer line which is constructed solely and only to carry storm, surface and ground water and to which sewage and/or industrial wastewater are not intentionally admitted and which is owned and/or operated by a Unit of Local Government.

9.3. "Combined Sewer": A sewer line which is constructed to carry sewage and/or industrial wastewater as well as storm, surface and

ground water and which is owned and/or operated by a Unit of Local Government.

9.4. "Sewage": Wastewater which is typically and usually generated by a human being or which emanates from a residence used and occupied by a human being (which includes toilet water, wash water, dish water, residue from unused foods and the like).

9.5. "Public Sewerage System": A system of pipes, mains, lines, manholes, pumps and other devices constructed and operated for the purpose of collecting, transmitting and conveying sewage and/or industrial wastewater or storm, surface and ground water, or both, all owned and/or operated by a Unit of Local Government.

9.6. "Unit of Local Government": Any one or more of the CITY OF EAST ST. LOUIS, the VILLAGE OF SAUGET, the VILLAGE OF CAHOKIA and the COMMONFIELDS OF CAHOKIA PUBLIC WATER DISTRICT, each of which is a body corporate and politic organized and existing under the statutes of the State of Illinois and each of which owns and operates a Public Sewerage System or Systems within its own corporate boundaries. "Unit of Local Government" shall also include any other city, village or other unit of local government in the Town (City) of East St. Louis or the Town of Centreville which owns and operates a Public Sewerage System or Systems and which discharges wastewater, directly or indirectly, to the American Bottoms Regional Wastewater Treatment Facility.

9.7. "Industrial Wastewater": Any wastewater which contains any water or water - borne substance discharged by any industrial or manufacturing facility or which contains (i) more than 225 milligrams per liter of 5 day Biodegradable Oxygen Demand (BOD<sub>5</sub>) and/or (ii) more than 200 milligrams per liter of Suspended Solids (SS).

9.8. "1977 Regional Agreement": The written agreement entered into and executed by the VILLAGE OF SAUGET, the CITY OF EAST ST. LOUIS, the VILLAGE OF CAHOKIA, the COMMONFIELDS OF CAHOKIA PUBLIC WATER DISTRICT and others in September, 1977, as amended in November and December, 1982 and in January, 1983.

9.9. "Private Sewage Disposal System": a system of wells, septic tanks, cesspools, pipes, laterals, mains and/or other devices which collects Sewage from an improvement on a Parcel of Real Estate and, either with or without treatment, disposes of that Sewage on or within the same or an adjacent Parcel or Parcels of Real Estate.

9.10. "Building Sewer": a system of pipes and laterals which is designed to collect Sewage and/or Industrial Wastewater emanating from a Parcel or Parcels of Real Estate.

9.11. "Wastewater": Sewage and Industrial Wastewater, or either. "Wastewater" may also include storm, surface and/or ground water.

9.12. "Significant Industrial User": Shall have the same definition as is contained in Section 2.2 of the Pretreatment Ordinance as heretofore and hereafter amended.

9.13. "Pretreatment Ordinance": Ordinance No. 567 of the VILLAGE OF SAUGET as heretofore and hereafter amended.

9.14. Any and all of the definitions contained in the Pretreatment Ordinance are, by this reference, incorporated herein and made a part hereof.

SECTION 10. Prohibited Uses in the Region.

It shall be unlawful for any Person within the Region:

A. To discharge any Sewage or Industrial Wastewater to any Storm Water Sewer or to any canal, creek, channel, ditch or any other natural or man-made means of storm, surface or ground water drainage: or

B. To discharge any storm, surface or ground water to any Sanitary Sewer: or

C. To hereafter make an initial connection or reconnection of any Building Sewer to any Public Sewerage System without first having complied with all of the provisions of Section 16 of this Ordinance: or

D. To discharge at or from any Parcel of Real Estate into any Public Sewerage System in the Region any Sewage or Industrial

Wastewater emanating from any other Parcel of Real Estate, whether within or without the Region, without first having complied with the provisions of Section 21 of this Ordinance; or to discharge the same in violation of the special permit obtained under the provisions of said Section 21: or

E. To hereinafter initially construct, use or operate a Private Sewage Disposal System without first having complied with the provisions of Section 18 of this Ordinance; or

F. To discharge any Industrial Wastewater to a Public Sewerage System without having applied for and received a permit as specified in Section 16 hereof; or

G. To discharge into any Public Sewerage System any Wastewater (i) which harms, injures or interferes with such System. (ii) which causes the Wastewater to be treated by, and discharged from, the American Bottoms Regional Wastewater Treatment Facility to have a quality other than that for which it was designed (iii) which causes the American Bottoms Regional Wastewater Treatment Facility to violate the provisions of any applicable National Pollutant Discharge Elimination System (NPDES) permit or (iv) which requires any additional, extraordinary, different or special treatment or any additional, extraordinary, different or special disposal services; or

H. To fail or refuse to connect to a Public Sewerage System if he is required to do so under the provisions of Section 15 hereof: or

I. To interfere with, prevent or obstruct the VILLAGE OF SAUGET or any other Unit of Local Government or their respective duly authorized agents or employees in the exercise of its or their duties specified in this Ordinance: or

J. To fail to supply to this VILLAGE OF SAUGET or any other Unit of Local Government any information requested in writing concerning the Wastewater being discharged into the Public Sewerage System by such person: or

K. To uncover; make any connections with, or opening into; or to use, alter, or disturb any Public Sewerage System or appurtenance thereof without first obtaining a written permit from the Unit of Local Government which owns such Public Sewerage System: or

L. To discharge to any Public Sewerage System any Wastewater except that allowed under regulations promulgated by the Illinois Pollution Control Board or, if more stringent, by the United States Environmental Protection Agency: or

M. To break, damage, destroy, vandalize, or tamper with any structure, appurtenance, or equipment which is a part of the Public Sewerage System of the VILLAGE OF SAUGET or of the

Physical/Chemical Wastewater Treatment Plant of the VILLAGE OF SAUGET or of the American Bottoms Regional Wastewater Treatment Facility; or

N. To abandon a present or future connection into a Public Sewerage System without first having complied with the provisions of Section 22 of this Ordinance; or

O. To knowingly or intentionally allow, permit or condone any violation of any of the provisions of the foregoing paragraphs of this Section by any other person; or

P. To knowingly violate any of the provisions of Part 3 of the "Village of Sauget Pretreatment Ordinance"; or

Q. To fail to install or use a grease, oil or sand interceptor if required by the Unit of Local Government for the proper handling of liquid wastes containing grease in excessive amounts or any flammable wastes, sand or other harmful ingredients; provided that (i) no such interceptors need be required for private living quarters or dwelling units, (ii) such interceptors shall be of the type and capacity prescribed and approved by the Unit of Local Government and (iii) such interceptors shall be so located as to be readily and easily available for cleaning and inspection.

SECTION 11. Prohibited Uses in the VILLAGE OF SAUGET.

It shall be unlawful for any Person in the VILLAGE OF SAUGET to discharge into its Public Sewerage System any Wastewater (i) which causes the wastewater to be treated by, and discharged from, the Physical/Chemical Wastewater Treatment Plant of the VILLAGE OF SAUGET to have a quality other than that for which it was designed, (ii) which causes the Physical/Chemical Wastewater Treatment Facility to violate the provisions of any applicable National Pollutant Discharge Elimination System (NPDES) permit, or (iii) which requires any additional, extraordinary, different or special treatment or any additional, extraordinary, different or special disposal services.

#### SECTION 12. Penalties.

Any person found guilty of violating any of the provisions of Sections 10 or 11 of this Ordinance shall be guilty of a misdemeanor and, in addition to being subject to any remedies at law and in equity, or both, shall be fined not less than \$50.00 nor more than \$1,000.00 (plus costs of court) or shall be incarcerated in the County Jail for not to exceed 364 days, or both such fine and imprisonment.

#### SECTION 13. Continuing Violations.

Each day that a violation occurs or continues to occur shall be deemed to be a separate violation.

SECTION 14. Existing Connections.

Except for Significant Industrial Users, who are or shall be defined in and regulated under the Village of Sauget Pretreatment Ordinance, no person who is connected to a Public Sewerage System on the effective date of this Ordinance shall be required to obtain a connection permit under the provisions of this Ordinance so long as his Wastewater remains in substantially the same quality and quantity as it was on such effective date. Subject to such conditions, the exception hereunder shall apply to any successor or successors in title or use.

SECTION 15. Required Connections.

15.1. If, under the provisions of any ordinance of a Unit of Local Government, a person is presently required to make a connection to a Public Sewerage System and has not heretofore done so, said person shall make such connection at his own expense within 90 days of the effective date of this Ordinance, subject to the provisions of Section 16 of this Ordinance, and shall thereafter discharge all Sewage and/or Industrial Wastewater emanating from said Parcel of Real Estate into said Public Sewerage System, subject to all of the provisions of this Ordinance, unless and until he complies with the provisions of Section 22 hereof.

15.2. If any person owns, uses or occupies any Parcel of Real Estate within the Region from which Sewage and/or Industrial

Wastewater emanates and if there is presently or hereafter a Public Sewerage System in any public street, alley, way or easement abutting said Parcel of Real Estate, said person shall tap into and connect his Building Sewer to said Public Sewerage System within 90 days of the effective date of this Ordinance or within 90 days of the date that such Public Sewerage System is constructed in said public street, alley, way or easement, all subject to the provisions of Section 16 of this Ordinance, and shall thereafter discharge all Sewage and/or Industrial Wastewater emanating from said Parcel of Real Estate into said Public Sewerage System, subject to all of the provisions of this Ordinance, unless and until he complies with the provisions of Section 22 hereof.

15.3. Any Person may apply for relief from the requirements of this Section 15 if, because of any geographical problems, he cannot make a connection to a Public Sewerage System without incurring extraordinary initial capital or ongoing operating expenditures. Application for relief shall be made in writing to the Unit of Local Government in which such person's subject Parcel of Real Estate is situated. Such Unit of Local Government shall not grant any such relief except on the advance written approval of the VILLAGE OF SAUGET. Any such Person is, or may be, subject to the provisions of Section 18 hereof.

15.4. Any Person who is required to connect to their Public Sewerage System shall be subject to user charges for wastewater treatment services as set forth in Ordinance No. 536 (as heretofore

or hereafter amended) upon connection to the Public Sewerage System but no later than 90 days of the effective date of this Ordinance. These charges shall begin and thereafter continue regardless of whether an actual connection to the Public Sewerage System has been completed.

SECTION 16. New Connections

16.1. After the effective date of this Ordinance, no person shall hereafter tap into, connect with or discharge any Sewage and/or Industrial Wastewater into any Public Sewerage System in the Region unless and until said person has obtained a connection permit issued by the Unit of Local Government which owns and operates said Public Sewerage System and, if required, from the Illinois Environmental Protection Agency.

16.2. An application for such connection permit shall be in writing and shall contain the name of the person giving the notice, his relationship to the owner of the subject Parcel of Real Estate, the street address thereof, the legal description thereof and a statement of the quality and quantity of his Sewage and/or Industrial Wastewater. If the applicant is not the owner, the owner must, in writing, consent to and approve the application and such written consent and approval must be filed with the application.

16.3. The application for such connection permit shall be made on a form prescribed by the VILLAGE OF SAUGET, which the applicant

shall supplement by any plans, specifications and other information deemed necessary by such issuing authority.

16.4. Such application shall be filed with the appropriate Unit of Local Government and a copy shall be filed with the VILLAGE OF SAUGET. The Unit of Local Government may charge such fees and expenses as it deems appropriate and shall advise the VILLAGE OF SAUGET if and when it issues such a permit.

16.5. Nothing in this Ordinance shall be construed to waive or release the duty of such person to pay a "tap in" fee or other fees imposed by the Unit of Local Government into whose Public Sewerage System the connection is made or to waive or release any of the requirements of such Unit of Local Government as to how, in what manner and where such "tap in" shall be made.

16.6. A permit will be issued and a sewer connection shall be allowed if, and only if, it can be demonstrated that the downstream sewer and treatment facilities, including sewers, pump stations and wastewater treatment facilities, have sufficient reserve capacity to adequately and efficiently handle the additional anticipated Wastewater.

16.7. All costs and expenses incident to the installation and connection of the Building Sewers shall be borne by the owner who shall indemnify the VILLAGE or the issuing authority, or both, from any loss or damage that may directly or indirectly be occasioned by

the installation of the Building Sewer or its connection to the Public Sewerage System.

16.8. A separate Building Sewer connection shall be provided for every building; except that where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway; the Building Sewer from the front building may be extended to the rear building and the whole considered as one Building Sewer.

16.9. A previously existing Building Sewer may be used in connection with new buildings only when it is found, on examination and testing by the issuing authority, to meet all requirements of this Ordinance and of the ordinance of the Unit of Local Government.

16.10. The size, slope, alignment, materials and procedures set forth in appropriate specifications of the American Society of Testing Materials, Water Pollution Control Federation Manual of Practice No. 9, and Standard Specifications for Water and Sewer Main Construction in Illinois shall apply.

16.11. Whenever possible, the Building Sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the Public Sewerage System, Wastewater carried by such

Building Sewer shall be lifted by a means which is approved by the issuing authority.

16.12. No person shall make connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff of groundwater to a Building Sewer or drain which in turn is connected, directly or indirectly, to a Public Sewerage System except in a city, village or other area within the Region in which a Combined Sewer System already exists in the immediate area.

16.13. The connection of the Building Sewer into the Public Sewerage System shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the issuing authority before installation.

16.14. All excavations for Building Sewer installation and connections shall be adequately guarded with barricades and lights so as to protect the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the issuing authority.

16.15. Notwithstanding any other provisions of this Ordinance or of any existing or future ordinance of any other Unit of Local Government, no Unit of Local Government shall hereafter issue a connection permit to Significant Industrial User to discharge any wastewater to a Public Sewerage System except with the advance written approval of the VILLAGE OF SAUGET.

16.16. The fee for obtaining a connection permit from the VILLAGE OF SAUGET for a connection within the VILLAGE shall be \$50.00.

SECTION 17. Existing Private Sewage Disposal Systems.

Unless prohibited by an existing ordinance of his Unit of Local Government, any Person who presently owns, operates and/or uses a Private Sewage Disposal System may continue to use and operate the same unless and until he is required to connect to a Public Sewerage System under the provisions of Section 15 of this Ordinance, but such person's use thereof shall be subject to the provisions of sub-Sections 18.5 and 18.6 of this Ordinance.

SECTION 18. New Private Sewage Treatment Systems.

After the effective date of this Ordinance, no person within the Region shall construct, own, operate or use a Private Sewage Disposal System unless he is not required to make a connection to a Public Sewerage System under the provisions of this Ordinance or the ordinance of any Unit of Local Government and unless and until he complies with the following provisions of this Section 18.

18.1. Before commencement of construction of a Private Sewage Disposal System after the effective date of this Ordinance, the owner shall first obtain a written permit issued by the Unit of Local Government in which such Owner's Parcel of Real Estate is situated or by the Unit of Local Government which owns the Public Sewerage System in such area. The application for such permit

shall be made on a form prescribed by the VILLAGE OF SAUGET which the applicant shall supplement by any plans, specifications and other information as deemed necessary or advisable by such issuing authority. Such application shall be filed with the appropriate issuing authority and a copy shall be filed with the VILLAGE OF SAUGET. The issuing authority may charge such fees and expenses as it deems appropriate and shall advise the VILLAGE OF SAUGET if and when it issues such a permit.

18.2. Notwithstanding the issuance of such a permit, no Sewage shall be discharged into such Private Sewage Disposal System under the permit unless and until the installation is completed to the satisfaction of the issuing authority which shall be allowed to inspect the work at any stage of construction. In any event, the applicant for the permit shall notify the issuing authority when the work is ready for final inspection and before any underground portions are covered.

18.3 The type, capacities, location, and layout of a Private Sewage Disposal System shall comply with all recommendations of the State of Illinois Private Sewage Disposal Licensing Act and Code and of the State of Illinois Environmental Protection Agency.

18.4. No permit shall be issued for any Private Sewage Disposal System employing subsurface soil absorption facilities where the area of the Parcel of Real Estate is less than 43,560 square feet (one acre) per single family residential dwelling.

18.5. No Private Sewage Disposal System shall be permitted to discharge to any natural or man-made ditch, canal, creek, channel or other means of storm, surface or ground water drainage.

18.6. At such time as a Public Sewerage System becomes available to the Parcel of Real Estate served by a Private Sewage Disposal System, a direct connection shall be made to the Public Sewerage System in compliance with the provisions of this Ordinance, and any permitted Private Sewage Disposal System shall be cleaned, abandoned and filled with suitable material and its use abandoned, all of which shall be done within sixty (60) days.

18.7. The owner shall operate and maintain the Private Sewage Disposal System in a sanitary manner at all times and at no expense to the VILLAGE OF SAUGET or the issuing authority.

18.8. No provision contained in this Section 18 shall be construed to interfere with any additional requirements that may be imposed by the issuing authority, the East Side Health District, Illinois Environmental Protection Agency, U.S. Environmental Protection Agency or the St. Clair County Health District.

18.9. The fee for obtaining a Private Sewage Disposal System permit from the VILLAGE OF SAUGET for use within the VILLAGE shall be \$100.00.

18.10. A Private Sewage Disposal System shall not be permitted or used for the disposal of Industrial Wastewater.

SECTION 19. Enforcement of Regulations.

This VILLAGE OF SAUGET may exercise any remedy available at law or in equity, or both, to enforce the provisions of this Ordinance; to collect from any person the costs and expenses resulting in any harm or injury to or interference with the Public Sewerage System caused by him; to collect the costs and expenses of any additional, extraordinary, different or special waste treatment or additional, extraordinary, different or special disposal services required by his discharge of Wastewater into the Public Sewerage System; or to collect the costs and expenses of further expansion, extensions, modifications or improvements of the Public Sewerage System caused by his discharge of any Wastewater into the Public Sewerage System.

SECTION 20. Powers and Authority of Inspectors.

20.1. The VILLAGE OF SAUGET, acting by an agent or agents bearing proper credentials and identification, shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this Ordinance; provided that neither the VILLAGE OF SAUGET nor any such agent shall have any authority to inquire into any processes (including metallurgical, chemical, oil refining, ceramic, paper, or other industries) beyond that point having a direct bearing on the kind and source of discharge of Wastewater.

20.2. In exercising such authority, the VILLAGE OF SAUGET and its such agent or agents shall observe all safety rules applicable to the premises established by the owner and the owner shall be held harmless for injury or property damage asserted against the owner and growing out of such exercise, except as such may be caused by negligence of the owner.

SECTION 21. Special Permits for Business of Cleaning Sewers.  
etc.

A person who is in the business of cleaning sewers, septic tanks, cesspools or other Private Sewage Disposal Systems may apply to the VILLAGE OF SAUGET for a special permit to discharge Wastewater to the American Bottoms Regional Wastewater Treatment Facility and must obtain such a permit before discharging any Wastewater into a Public Sewerage System in the Region.

The monthly fee for such a permit shall be \$12.50 per truck. A permit may be issued for not less than 1 month and not more than 12 months.

In addition, such person shall also pay any and all users charges established under the provisions of Ordinance No. 536 of the VILLAGE OF SAUGET, as heretofore or hereafter amended.

Discharge of Wastewater under any such permit shall be made solely and only at the point designated in the permit.

SECTION 22. Disconnection from Public Sewerage System.

Any person, whose Building Sewer is presently or hereafter connected to a Public Sewerage System, who desires to demolish all improvements on said parcel of real estate and who desires to cease producing wastewater from said parcel of real estate and who desires to permanently disconnect, may do so only after he gives 30 days advance written notice to the Unit of Local Government which owns the Public Sewerage System to which his Building Sewers are connected, with a copy to the VILLAGE OF SAUGET.

The existing connection into the Public Sewerage System must be permanently closed with concrete or other similiar material at the "tap-in" point subject to such regulations as may be prescribed by the Unit of Local Government owning such Public Sewerage System.

The closure must be inspected and approved by such Unit of Local Government before an excavation is back filled.

Nothing in this Section 22 shall be construed to allow any person to disconnect from a Public Sewerage System for the purpose of installing or connecting to a Private Sewage Disposal System.

SECTION 23. Severability.

The invalidity of any section, clause, sentence, or other provision of this Ordinance shall not affect the validity of any other part

of this Ordinance which can be given effect without such invalid part or parts.

SECTION 24. Publication.

Within 30 days of the enactment, adoption and approval of this Ordinance, the Village Clerk shall cause a copy of this Ordinance to be published one (1) time in each of:

- a. The East St. Louis Monitor;
- b. The East St. Louis News;
- c. The Cahokia-Dupo Herald; and
- d. The Cahokia Journal;

each of which is a newspaper published and with a general circulation within the Region. In addition, the Village Clerk shall cause a copy of this Ordinance to be published one (1) time in the Belleville News-Democrat, a newspaper published in St. Clair County, Illinois and having a general circulation in the Region.

SECTION 25. Service of Copies.

As soon as possible after the date this Ordinance is enacted, adopted and approved, the Village Clerk of the VILLAGE OF SAUGET shall serve a certified copy hereof on each of the CITY OF EAST ST.

LOUIS, the VILLAGE OF CAHOKIA, the COMMONFIELDS OF CAHOKIA PUBLIC WATER DISTRICT, the CITY OF CENTREVILLE and the VILLAGE OF ALORTON.

SECTION 26. Effective Date.

This Ordinance shall go into full force and effect on the tenth (10th) calendar day immediately following the date of such publication. If all of such publications do not occur on the same date, the last date of publication shall control.

INTRODUCED AND READ FOR THE FIRST TIME: January 9, 1990.

READ FOR THE SECOND TIME: February 13, 1990.

READ FOR THE THIRD TIME: March 13, 1990.
